American Express x Alle Spend $300 Get $50 Back

STEP 1: How to Add the Alle Offer to Your American Express Card

1. **Open the American Express app** on your phone and log in to your account.
2. **Tap "Offers"** on the bottom menu bar.
3. **Scroll down to "Recommended Offers."**
4. **Search for "Alle"** using the search bar (or by scrolling) to find the Alle offer.
5. **Tap the Alle offer, then tap "+Add to Card"** to save it to your eligible Amex card.
6. **Confirm the offer was added** by checking the "Added to Card" section of Offers—Alle should now appear there.
7. **Purchase a $300 Alle gift card** using the same Amex card you added the offer to.
8. **Receive your $50 statement credit.** American Express will apply the $50 credit to your card statement once your qualifying purchase is processed.

Tip: The offer must be added to your card *before* you make your Alle gift card purchase. Offer ends 12/31/26. For eligibility and full terms and conditions, tap "Offer Terms" on the Alle offer in your Amex app.

STEP 2: How to Purchase an Alle Gift Card

1. **Sign in to (or join) Alle** at alle.com or in the Alle app. You must be an Alle member to buy and use gift cards.
2. Go to **giftcards.alle.com** in your web browser. Gift cards must be purchased online.
3. **Choose your gift card value.** Select **$300** (gift cards are available in $50, $100, $300, or $500 amounts).
4. **Tap "Add to Cart,"** then proceed to checkout.
5. **Pay with the same Amex card you added the Alle offer to.** Your total must be $300 or more in a single purchase to qualify for the $50 credit.
6. **Find your gift card in your Alle Wallet.** After purchase, it is automatically added to your Alle Wallet under the "Gift Cards" tab.
7. **Redeem at your next appointment.** Use your gift card toward any qualifying treatment or product at a participating Alle provider. Gift cards never expire!

Tip: Purchase directly at giftcards.alle.com—not through a third party—so your purchase qualifies. Your $50 statement credit typically posts within 30 days of your qualifying purchase.
